Google Scholar ID: mmVJyIAAAAAJ

Scopus ID: 57200988261

**corresponding author*

Authors' Information:

Helmi Abdullah is a Doctor in the field of education. He is a lecturer at the Department of Physics Education, Universitas Negeri Makassar, Indonesia. His research interests are in the areas of education, physics education, metacognitive. E-mail: drshelmimsi@gmail.com

* **Jasruddin Daud Malago** is a professor in the Department of Physics, Universitas Negeri Makassar, Indonesia. His research interest is physics science, material semiconductors, and solar cells. Currently active in studies online learning. E-mail: jasruddin@unm.ac.id

Kaharuddin Arafah is a Doctor in Research and Evaluation. He is a lecturer at the Department of Physics Education, Universitas Negeri Makassar, Indonesia. His research interest is in the field of measurement and evaluation. E-mail: kahar.arafah@unm.ac.id
