Dear Editor,

I am the first author of article titled 'A Bibliometric Analysis On How Organic Chemistry Education Research Has Evolved Collaboratively Over Time'. Thank you for considering my article for March Edition Publication. I would like to request for stating my name in article as **N. M. H. Nik Hassan** instead of **N. M. H. N. Hassan** in order to standardize the name to other journal. Your kind consideration is highly appreciated. However, I will fully respect whatever decision made by journal. Thank you so much.

Thank you for your time and consideration.

Sincerely,

24/03/2022
