

# Unnes Journal of Mathematics Education

## Volume 6 Nomor 3 November 2017

### Daftar Isi

#### DESKRIPSI

*Unnes Journal of Mathematics Education* menerbitkan artikel hasil penelitian dan kajian konseptual tentang pendidikan Matematika.

#### ISSN

2252-6927

**Ketua Dewan Penyunting**  
Hardi Suyitno

**Anggota Dewan Penyunting**  
Ardhi Prabowo  
Hery Sutarto  
Bambang Eko Susilo  
Ary Woro Kurniasih  
Muhammad Zuhair Zahid

#### Layout

Krida Singgih Kuncoro  
Afrilian Ardi Arus

#### PENERBIT

Jurusan Matematika,  
Fakultas Matematika dan  
Ilmu Pengetahuan alam,  
Universitas Negeri Semarang (UNNES)

#### ALAMAT PENERBIT

Gedung D7 Lt. 1,  
Kampus Sekaran, Gunungpati,  
Semarang, 50229

#### ALAMAT E-JOURNAL

<http://journal.unnes.ac.id/sju/index.php/ujme>

- 287-293 The Student's Analysis of Creative Thinking Process in Solving Open Problems Viewed from Wallas Model on Problem Based Learning Model**  
Afianita Dewi Sunaringtyas, Mohammad Asikin, Iwan Junaedi
- 294-298 Design of Animated Subject Materials in Integral Calculus Course**  
Ali Shodikin, Anik Novianti
- 299-307 Enhancement of Lecturer Professionalism using Lesson Study Approach for Curriculum Review of Mathematics 1**  
Arief Agoestanto, Ary Woro Kurniasih, Muhammad Zuhair Zahid, Mulyono
- 308-317 The Effectiveness of SSCS Learning Model with KNWS Strategy towards Mathematical Creative Thinking Ability and Self Confidence of Students**  
Asa Kuntifatin Warda, Mashuri, Amidi
- 318-324 Ability of Mathematical Reasoning in SMK 10th Grade with LAPS- Heuristic using Performance Assessment**  
Aulia Nur Arivina, Masrukan, Ardhi Prabowo
- 325-332 The Analysis of Geometrical Reasoning Ability Viewed from Self-Efficacy on Connected Mathematic Project (CMP) Learning Etnomathematics-Based**  
Desi Dwi Damaryanti, Scolastika Mariani, Mulyono
- 333-337 Description of Entrepreneurial Characters of Mathematics Education Department Students of UPS Tegal in Calculus Class**  
Dian Nataria Oktaviani, Herani Tri Lestiana
- 338-344 Influence of TANDUR Learning to Students's Mathematical Representation and Student Self-Concept**  
Dimas Fajar Maulana, Cita Dwi Rosita
- 345-351 Analysis of 7th Grade Students' Inductive Reasoning Skill in PBL-Bertema Model Towards Responsibility Character**  
Fajar Istikomah, Rochmad, Endang Retno Winarti
- 352-359 Influence of IQ and Mathematical Disposition toward the Problem Solving Ability of Learners Grade VII through PBL Learning Model with the Assistance LKPD**  
Karsim, Hardi Suyitno, Isnarto

#### ALAMAT E-JOURNAL

<http://journal.unnes.ac.id/sju/index.php/ujme>

- 360-365 Mathematical Communication Ability Viewed from Problem Solving Ability in Learning SAVI Model with Flash Media**  
Kurnia Setyo Rini, Sugiarto, Muhammad Fajar Safa'atullah
- 366-374 The Role of Self Efficacy Towards Mathematical Problem Solving Ability in Terms of Positive Thinking Ability**  
Rahmawati Yuliyani, Shinta Dwi Handayani, Somawati
- 375-383 Development Learning Instrument of Algebraic Structure based on Resitation Task to Improve Activities and Learning Procces**  
Rizqi Amaliyakh Sholikhakh, Wikan Budi Utami
- 384-390 Analysis of Mathematics Literacy of Students of Mathematics Education Department Viewed from Process Components**  
Rusmining
- 391-399 Analysis of Mathematical Creative Thinking Ability Viewed from Students Learning Styles in Seventh Grader Through Treffinger Learning Model with Open-Ended Approach**  
Zanuar Triwibowo, Nur Karomah Dwidayati, Sugiman
